# CreARTivity ... for children 12 months to 36 months

## ART Explorers

Children 12-18 months

We are excited to introduce arts and activities to children 12-18 months old. Studies have shown that introducing art to children at a young age can build fine motor skills, promote creativity, introduce them to writing, and so much more. Through themed workshops, little artists will be introduced to many art mediums, including paint and chalk. We ask that parents stay with their children and help them along as they create and explore. Workshops are 90 minutes each for two days. Camp fee is \$20 members / \$25 non-members of Laurel Arts.

**Five Senses Camp** - Taste, smell, touch, hear, and see a variety of fun art projects this week as we explore the five senses! We'll mix some playdough we can smell and touch, play games to test our senses, bake some delicious recipes to taste, and more.
